# 2016-17 academic session starts at BIPF Sukinda ITI

POST NEWS NETWORK

**Bhubaneswar, Sept 15:** BIPF Sukinda Industrial Training Institute has started the 2016-17 academic session at its new state of the art campus in Jajpur district, which was set up under an MoU signed by IMFA and the Orissa government.

The institute has been set up with the objective of moulding people and helping them develop the skill and self-confidence to be successful in the competitive world.

The accreditation of the institute has been recommended by the Quality Council of India to DGE&T under the ministry of skill development and entrepre-

neurship. "The Orissa government has signed MoUs with several organisations to promote vocational training in the state. IMFA is pleased to be the first industry to commence training and display commitment to the people of Orissa," Ashok Kumar

Behera, vice-president and head of corporate and legal affairs.

The institute is set up on a 5-acre campus with 45,000 sq ft constructed area. It is a residential Institute, offering courses and training in trades such as electrician, fitter and welder.

Bansidhar & Ila Panda Foundation (BIPF), the social arm of IMFA, has been set up with a vision to engage, educate and empower the most vulnerable communities to achieve significant socio-economic transformation.

The foundation works in the verticals of education, water and sanitation, skill development, and health with a special focus on women and children.

The Bansidhar & Ila Panda Foundation (BIPF) Sukinda ITI has opened its campus for its first academic session 2016-17. The IMFA's new private Industrial Training Institute (ITI) is a state-of-the-art institute at Sukinda in Jajpur district under an MoU signed by the IMFA and the State Government.

The objective of setting up

the institute is to mould the trainees to develop skill and self-confidence to meet the competitive world through employability and entrepreneurship. The accreditation of the institute has been recommended by the Quality Council of India to the DGE&T under the Union Ministry of Skill Development and Entrepreneurship.

IMFA vice-president and head, corporate affairs & legal Ashok Kumar Behera said, "The

Government of Odisha has signed MoUs with several organisations to promote vocational training. IMFA is pleased to be the first industry to commence training and display commitment to the people of Odisha."

The institute is set up in a five-acre campus with a 45,000-sqft constructed area. It is a residential institute offering courses and training in trades like Electrician, Fitter and Welder.
