

ideate

from ideas to action

The annual panel discussion by the Bansidhar & Ila Panda Foundation brings together experts across sectors with an aim of spreading awareness, advocacy and to ideate the way forward by which stakeholders can converge to contribute towards pressing social issues.

'Immunization for All: Improving Child Health' was the topic in 2016 which was organized in partnership with **Global Health Strategies (GHS)**. The objective was to discuss &

Ideate 2016

highlight the importance of immunization in improving child health, explore the challenges faced for vaccines uptake at the grassroots level & explore the role that Civil Society Organizations (CSO) play in ensuring all children are able to access simple interventions such as immunization. It also aimed to find ways in which vaccine awareness can be raised and how interventions can become more accessible across all levels of society.

The panel discussion was moderated by Dr Supriya Bezbaruah, Senior Director, Global Health Strategies. On the panel were Dr T Jacob John, Emeritus Professor, Christian Medical College, Vellore, Dr Hemanta Kumar Mishra, Additional Director of Child

Health, State Expanded Program of Immunization, Government of Odisha, Mr Joe Madiath, Founder, Gram Vikas, Dr Rajiv Tandon, Technical Director - Maternal Neonatal and Child Health and Nutrition, PATH and Dr Amir Ullah Khan, Policy Advisor, Bill and Melinda Gates Foundation.

'Education for All: Prospects & Challenges' was the topic in 2015 which was organized in association with **FICCI Odisha State Council**. The RTE Act has made education a fundamental right and provides for all children between the ages of 6-14 to get free education. Rural India

Ideate 2015

suffers from issues like inadequate infrastructure, shortage of teachers and behavioral challenges. Children from marginalized homes do not have access to affordable quality education. Experts from different educational organizations came together to deliberate on this critical topic of **"Equity Education for All"**.
